

JOINT SUPPORT Liquid Herbal Supplement

BioPetMeds Joint Support is a potent combination of 15 natural and herbal ingredients known for their ability to relieve the pain and inflammatory symptoms of arthritis and joint discomfort. It supports joint and connective tissue integrity, while also providing key components for overall health. The herbs in the formula are chosen for their ability to soften the plaque build up around the joints, thus relieving pain and increasing ease of movement. Because it is a liquid, the absorption rates are superior to those of tablets and capsules.

Ingredients Per Serving:

750 mg Glucosamine Sulfate
 600 mg Chondroitin Sulfate
 150 mg Methylsulfonylmethane (MSM)
 125 mg Vitamin C

Herbal Formula: Black Cohosh, Black Walnut, Burdock Root, Chaparral, Devil's Claw, Hydrangea Root, Lobelia, Sarsaparilla, Wild Lettuce, Bentonite Clay, Potassium Sorbate, Water. *This formula is enhanced energetically.*

Serving Size: 1 teaspoon (tsp) / 5.0mL

Servings Per Bottle Size: 120mL bottle 24 servings
 250mL bottle 50 servings

SUGGESTED DOSAGE:

0 - 34 lbs 1 tsp /day
 35 - 60 lbs 1 ½ tsps /day
 61+ lbs2 tsps /day

If your pet has no glucosamine in its system, add an extra teaspoon for the first 4 days. If your pet is in acute distress add an extra teaspoon for the first 10 days. If administering more than one teaspoon a day, divide dosages between AM and PM when possible.

Shake well before administering. Keep refrigerated after opening.

Warnings: For animal consumption only. Consult with your veterinarian before introducing a new supplement.

 Please recycle bottles.

INGREDIENTS

Glucosamine Sulfate • is a simple molecule derived from glucose, the principal sugar found in blood. Glucosamine Sulfate is derived from chitin, a substance found in the shells of shrimp, lobsters, and crabs. Glucosamine Sulfate serves as a basic building block for cartilage cells in the joints to make proteoglycans and collagen, two proteins essential for the proper functioning of joints. **Chondroitin Sulfate** • is a naturally occurring substance in the body. It is a major constituent of cartilage, the tough, elastic connective tissue found in joints. Chondroitin may go beyond treating symptoms and may actually protect joints from damage. **Methylsulfonylmethane (MSM)** • is a naturally occurring sulfur found in our bodies as well as in many common beverages and foods. It is one of the least toxic substances in biology, similar to water in toxicity. It is found to be effective in the treatment of joint relief pain. **Vitamin C** • boosts the immune system and has anti-oxidant properties.

HERBAL FORMULA

Black Cohosh • acts as a blood purifier and hormone stabilizer. **Black Walnut** • is a vermifuge. It balances blood sugar levels. **Burdock Root** • acts as a blood purifier. Restores the liver. **Chaparral** • is an excellent blood purifier, which combats free radicals. Has analgesic (pain relieving) qualities. Has strong antibiotic properties. **Devil's Claw** • aids in elimination of damaging acids from the body. Very helpful in repairing damaged nerve sheath. Dissolves and removes excess bad calcium deposits. **Hydrangea Root** • aids in elimination of damaging acid from the body. **Lobelia** • stimulates and then relaxes the central nervous system. **Sarsaparilla** • steadily tones up the organs which may not be able to secrete impurities from the blood. **Wild Lettuce** • relieves pain. **Bentonite Clay** • adds small levels of many trace minerals which helps to utilize the minerals in the diet. **Potassium Sorbate** • is a natural preservative. **Water**
